

# Ericsson Innovation Awards, Dive Deeper

Ericsson Innovation Awards is a global university student competition that gives you the opportunity to drive changes and bring your ideas to life.

If you are a university student we challenge you to put your learnings to use and compete for a Grand Prize of 25,000 Euros and a trip to Sweden to showcase your idea.

Sub aquatic robots based on lobster biology. Will you find your lobster? Dive deeper. **Join the challenge #EIA2019**
